BRIEFINGS

DJ Buthe, Highway Superintendent, reported that seasonal load limits have been placed on certain County Highways due to spring thaw/wet conditions. A memo was sent to media outlets, garbage companies, trucking firms, and law enforcement agencies regarding the load restrictions. The load limits will remain in effect until further notice but no longer than April 30, 2015, unless the Commission adopts a resolution extending the date.

Shannon Schultz, Assistant Highway Superintendent, presented a report and recommendations in response to a request from Split Rock Township Officers for Minnehaha County to accept a portion of Maple Street onto the County Highway System. The report included information gathered from various studies and planning documents from the City of Brandon, Brandon Valley School District, and the City of Sioux Falls that are associated with this portion of Maple Street. Mr. Schultz gave the following recommendations going forward: 1) Continue to monitor traffic patterns on East Maple/West Park Street and evaluate traffic impacts once the connection is made with Highway 100. 2) Begin to investigate what cuts and fills would be needed to achieve a 45 MPH design speed, including right-of-way impacts and cost estimates. 3) Investigate alternatives to full-blown grading and paving (modern versions of a "blotter" roadway surface). 4) Stay involved during development of new planning documents. Dennis Horner, Splitrock Township Board Member, stated that they

brought this request to Minnehaha County knowing it was likely the only way they could get additional funding for resurfacing this roadway.
